MATKI

For 50 years Matki has led the way in luxury Showering Design. Our Shower Screens, Shower Trays and Brassware are characterised by their elegant style, reliable performance and outstanding longevity.

All Matki products are designed and made in the United Kingdom. Shower Screens are handmade near Bristol, Shower Trays in Cornwall, and Brassware in Hampshire.

Safety and Quality are central to our ethos and all products and components are tested way beyond industry standards. We have an experienced and attentive Customer Service Team and meaningful guarantees.

Our products can be purchased in the UK, Ireland and France through an extensive Matki Dealer Network, a list of which is available on the Matki website. We strongly recommend viewing displays prior to purchase.

EAUZONE

Elegant, beautifully proportioned designs; Reassuringly structural 10mm thick glass; Real solid brass hardware; EauZone is the perfect choice for luxury showering.

Designed by the Matki in-house Design Team, EauZone represents the pinnacle of innovation and performance in showering. Patents and Design Rights are held for key design features such as the superbly strong anti-slip hinges and expertly curved Radius-20 glass.

Every component is handmade to order in the Matki factory near Bristol by our expert production teams and each EauZone product is carefully checked prior to delivery.

Find the perfect fit for your bathroom with Sliding and Hinged Doors, Wet Room Panels and Bath Screens offered in thousands of sizes and setups. Beyond that EauZone can be tailor-made to your exact requirements with EauZone Bespoke.

The choices are truly endless.

WET ROOM PANELS

A new level of elegance for wet rooms. EauZone Wet Room Panels use a higher grade of material and hand-polished finishes to achieve spell-binding designs with eye-catching detail.

MESH GLASS

With it's hand-woven appearance and shimmering effects, the EauZone Framed Wet Room Panel with Mesh glass creates a highly decorative partition. Available with silver or gold metallic mesh glass with exterior framing in a choice of 11 special finishes.

For pricing and specification see page 65.

EWMP - SILVER MESH GLASS WITH POLISHED CHROME FRAMING

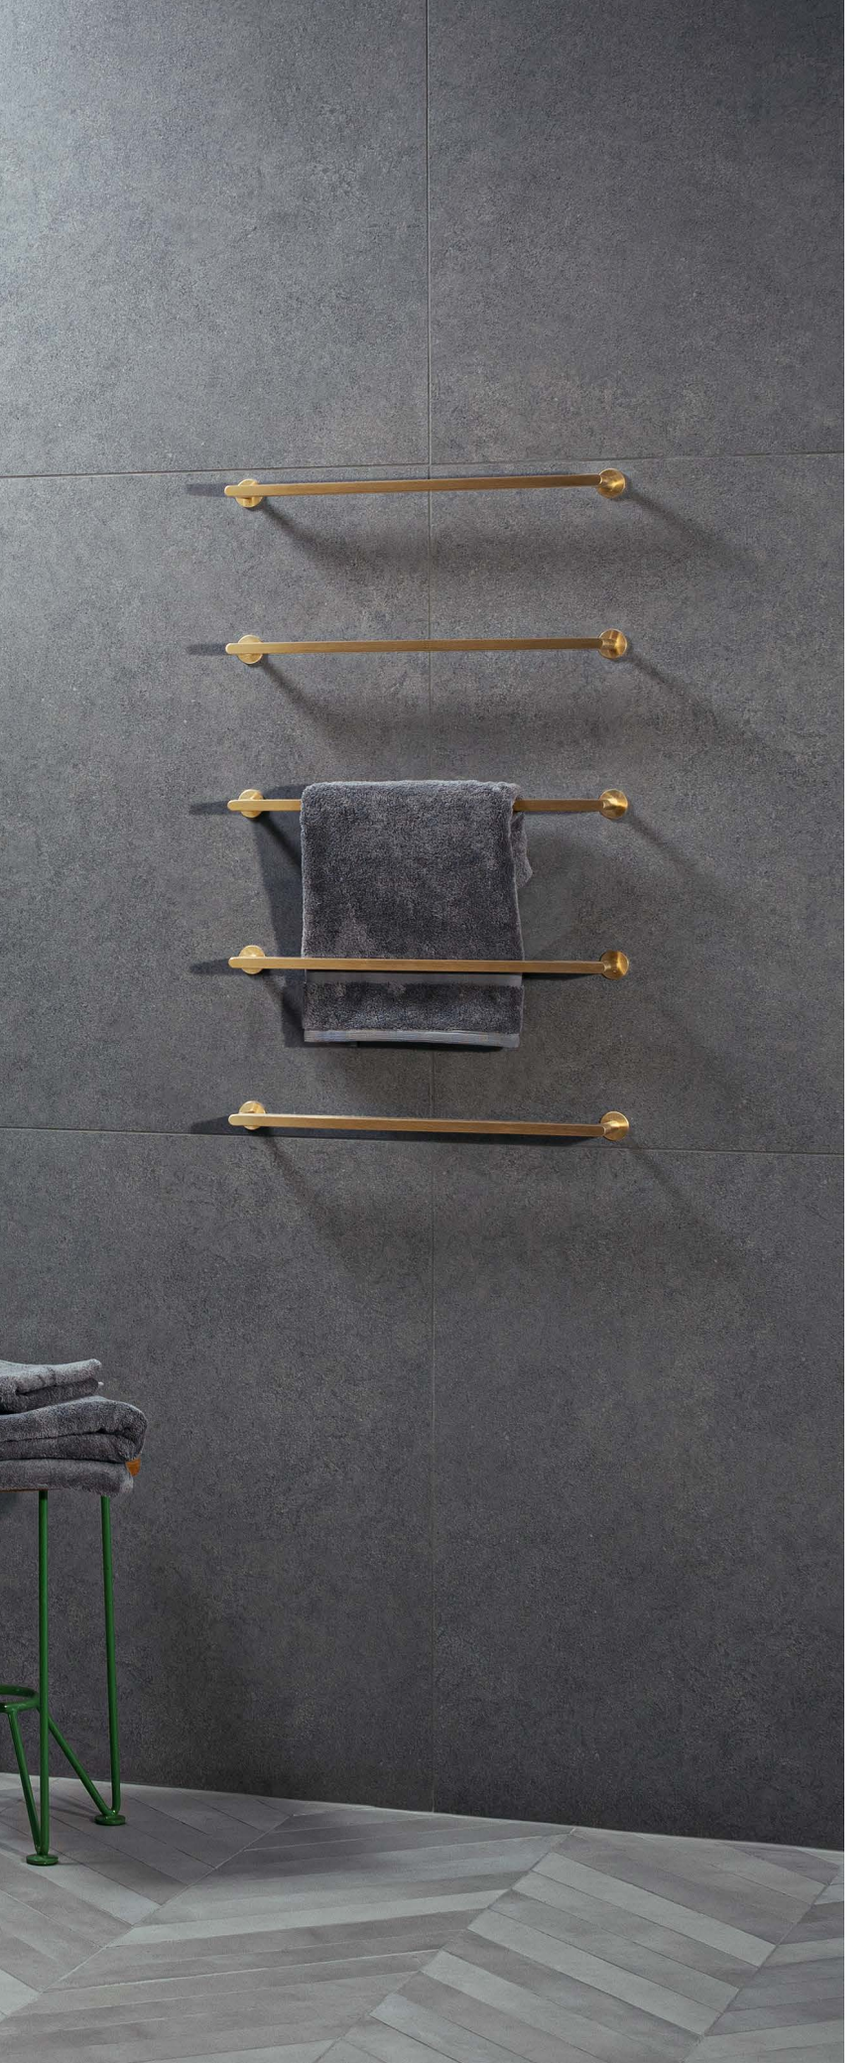

EWFP - CLEAR GLASS WITH EXTERIOR FRAMING

EWMP - GOLD MESH GLASS WITH BRUSHED BRASS FRAMING

SPLENDIDLY SECURE

The new EauZone Wet Room Panels secure reassuring 10mm thick Safety Glass to the wall with either aluminium or brass wall frames and a beautifully proportioned solid brass bracket.

For the special Swadling Brassware finishes, only brass material is used for frames and fittings. This ensures the finishes match perfectly between parts and always look their best. For more information see page 40.

ACCESSORISE

To add individual style to your wet room panel, Towel Rails can provide practicality and decoration, and the new Accent Frames create an alluring sense of definition and unique character.

See more on page 39 and for pricing and specification see page 63.

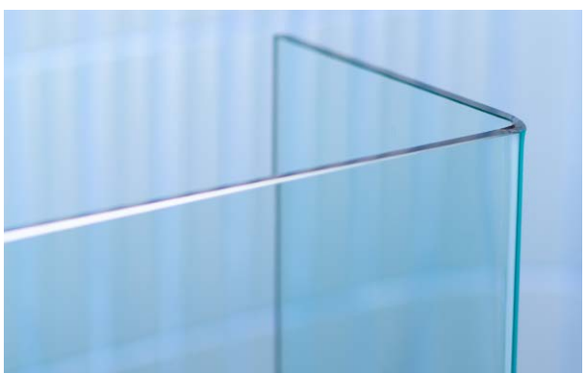

EWP – EAUZONE WET ROOM PANEL WITH LINEAR TOWEL RAIL; BRUSHED BRASS

EWP – EAUZONE WET ROOM PANEL; BRUSHED BRASS

EAUZONE RADIUS-20 WET ROOM PANEL

Unparalleled, distinctive and completely unique, the Radius-20 is engineered from a single sheet of 10mm glass, expertly curved to achieve a softened, fluid edge with a tight 20mm inner radius.

See page 66 for Sizes, Prices and Specification.

EWL - GLASS DETAIL

EHCL - EAUZONE RADIUS-20 WITH HINGE PANEL FOR CORNER; POLISHED GOLD

The Radius-20 panel can be used as a side panel in hinged door models EHCL and EWCL, see pages 60 and 61.

EWL - EAUZONE RADIUS-20 WET ROOM PANEL; POLISHED NICKEL

EAUZONE ARCH WET ROOM PANEL WITH SHOWER BRACE

At 2.2 metres high, the eye-catching and quietly sophisticated EauZone Arch Wet Room Panel is a treat to the senses. The arched glass is beautifully clear and outlined by elegantly proportioned frames and made of pure brass, available in 11 special finishes.

A shower brace keeps the headroom of the shower area free and more defined by taking on two roles at the same time; it makes the panel strong and secure whilst supplying water for a satisfying and thoroughly luxurious shower.

See page 67 for Prices and Specification.

FRAMING DETAIL

SEE PAGE 81 FOR SHOWER BRACES

EWAP - EAUZONE ARCH WET ROOM PANEL WITH SHOWER BRACE; LIVING BRASS

EAUZONE DOME WET ROOM PANEL

At once strikingly architectural and yet soft and subtle. The domed shape and beautiful brass outline add individuality and luxury to your bathroom.

The NEW Dome wet room panels come as a Twin Entrance models (see right) or Wall-Mounted models (see overleaf). Choose from the panels pictured with their brass outlines or frameless versions which retain the elegant, curved shape but lose the exterior framing.

For more details and pricing, please see pages 73.

EFDT – EAUZONE DOME FRAMED TWIN ENTRANCE WET ROOM PANEL; AGED BRASS

CRYSTAL CLEAR

Our Dome panels come with a choice of ultra clear or ultra clear fluted glass. The fluted glass does obscure the view through the panel, but is specially designed to have wider distances between crests to give a more settled and elegant appearance. Additional glass finishes are available for bespoke versions of the Dome panel, please see pages 70 - 71.

EFDP - EAUZONE DOME FRAMED WET ROOM PANEL; FLUTED GLASS, LIVING BRASS

SPLASH PROTECTION

A luxurious but highly practical wet room screen, perfect for added flexibility and protection against splash and spray at every angle. The EauZone Wet Room Panel With Hinge Panel features an innovative discreet **watertight sealing system** which minimises the seal size whilst achieving excellent water retention at the panel join.

See specification and pricing on page 74.

EWPH - HINGE PANEL, STORED POSITION

EWPH – EAUZONE WET ROOM PANEL WITH HINGE PANEL; BRUSHED NICKEL

SLIDING DOORS

The look and feel of luxury, EauZone Sliding Doors pair a balanced and highly finished appearance with the smoothest, whisper quiet sliding motion.

Stainless Steel wall frames and top track are mirror-polished to achieve an impressively reflective surface. Their high tensile strength is ideally suited to carrying the **10mm safety glass** smoothly on the specially shaped track inners.

Easy to clean with **Matki Easy Clean Protection** applied as standard and a **quick door release mechanism** to clean the door-panel overlap, EauZone Sliders have been **CE-Tested to 150,000 open and close cycles**, equivalent to over 100 years of use.

Please see pages 46 – 49 for Sliding Door pricing and specifications.

EPSC – EAUZONE SLIDER FOR CORNER

OPTIONS

EauZone Sliders are available in two Frame Finishes: Chrome/Mirror-Polished Stainless Steel (Standard) and Brushed Steel.

Special Glass Finishes are available for most sizes.

INSTALLATION

EauZone Sliders can be installed on a Shower Tray or Shower Floor, or directly onto a tiled Wet Room floor.

EPST - EAUZONE SLIDER THREE-SIDED

EPSR – EAUZONE SLIDER FOR RECESS

CURVED CORNER

A DESIGN FIRST

Uniquely, every panel including the door of the EauZone Curved Corner is engineered from 10mm glass, an impressive testament to the unit's strength and durability and a complete first in Curved Shower Enclosure design.

Taking inspiration from the successful EauZone Slider, the Curved Corner is built from the same high performing materials with a Stainless Steel top track and intricately shaped inner tracks, allowing for a superbly smooth opening movement.

See page 50 for Sizes, Prices and Specification.

ECS900 – EAUZONE CURVED CORNER

HINGED DOORS

Elegantly designed to accentuate clarity and simplicity, the vertical and horizontal lines of EauZone Hinged Doors are kept free from any visual disruption. Subtle, sleekly styled L-brackets hold the glass firmly in place from the top and blend into the balanced proportions of the design.

Specially crafted **EauZone Anti-Slip Hinges (Patent Number 2470778)** hold the heavy weight of **10mm Safety Glass** securely in place.

EauZone Hinged Doors come with **Matki Easy Clean Protection** as standard and are **CE-Tested to 100,000 cycles of open and close,** 5 times the industry requirement.

Please see pages 51 – 61 for Hinged Door pricing and specifications.

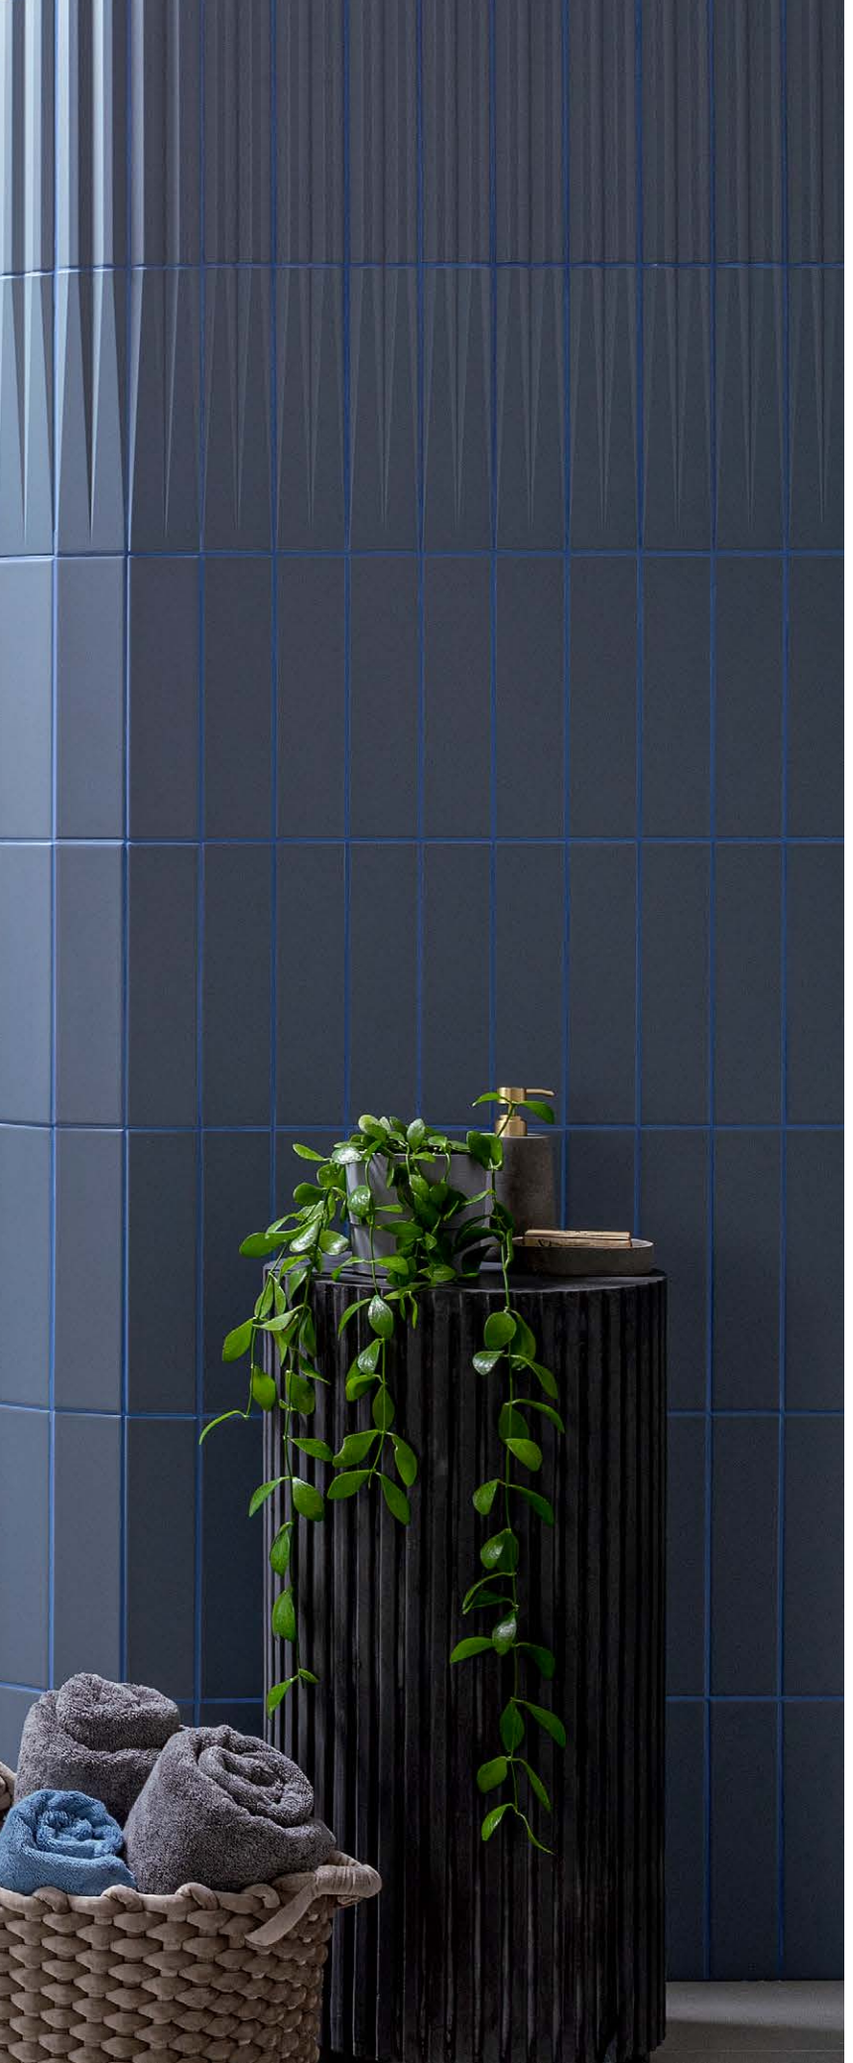

L-BRACKET DETAIL IN CHROME

EPIC – EAUZONE HINGED DOOR WITH HINGE PANEL AND INLINE PANEL FOR CORNER; POLISHED CHROME, WITH FRAME ACCENTS

I HAVE A DREAM

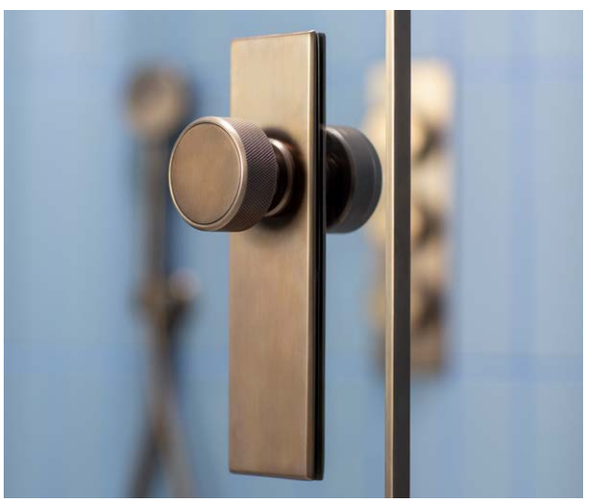

CHOICE

The EauZone Hinged Collection has a vast selection of over 1,000 standard sizes and panel combinations, making luxurious showering a possibility for any shape or size of bathroom. For specialist projects, EauZone Bespoke offers made-to-measure size and shape glass.

For more information, visit www.matki.co.uk/bespoke

FRAME ACCENTS

Add decoration and definition to your EauZone Shower with beautifully finished Frame Accents. Pictured here in Aged Brass, these pure brass trims come in a choice of Swadling Brassware finishes.

EPI – EAUZONE HINGED DOOR WITH HINGE PANEL AND INLINE PANEL FOR RECESS; AGED BRASS, WITH FRAME ACCENTS

EAUZONE SPECIAL FINISHES

Only the best will do - when you choose EauZone in a special finish, it really is special. To ensure the finish looks its absolute best, Matki manufacture special finish EauZone products exclusively from brass, which is then plated, polished, brushed or aged by our team at Swadling Brassware. This results in frames and fittings which match perfectly together and harmonize much more closely with other special finish fittings in your bathroom.

MATKI MOMENTS

On our website in the Discover section, you can read about Sarah and her family's renovation project, Patch and Pol's beatiful home in Cheltenham, Louise's bathroom update and many more inspiring projects using Matki EauZone, visit www.matki.co.uk/discover to find out more.

See page 40 for more details on Special Finishes.

EPW - EAUZONE BESPOKE HINGED DOOR FOR RECESS; MATT BLACK

THE EAUZONE HINGE

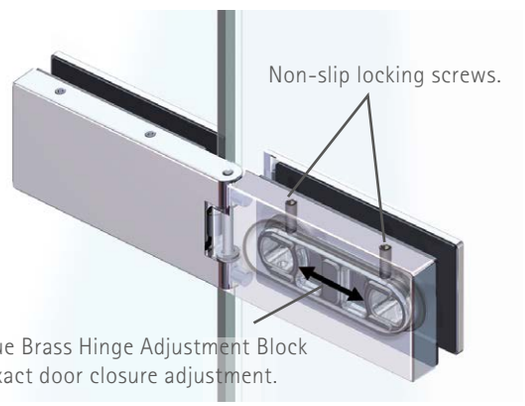

The **EauZone Anti-Slip Hinge (Patent Number 2470778)** was designed by Matki for EauZone Hinged Doors specifically for 10mm thick glass.

The hinge has three main features:

Strength – To securely hold heavy glass doors in place for year after year without dropping, the hinge secures onto an Adjustment Block which is bonded to the glass. Two locking screws, once tightened, eliminate any possibility of the door dropping over time.

Water-Tight Design – The hinge allows the vertical door seal to travel continuously through it, with no cuts or holes. This ensures it is completely water-tight even during cleaning.

Calibrated Spring-Loading – Set to close at just beyond 180 degrees, the hinge permanently pushes at the closure seal and creates a water-tight barrier without the use of friction. This means the door is easy to open and close and if knocked inadvertently during showering will return to closed position.

EPWC – EAUZONE HINGED DOOR WITH INLINE PANEL FOR CORNER

LIVING FINISHES

If you're looking for something a little different, the EauZone Living Finishes may be just the thing. Full of authentic character and charm, their appearance will develop and age over time in unpredictable ways eventually forming a unique patina.

Living Brass, Brushed Brass, Aged Brass, Dark Bronze and Living Copper are all uncoated and will change as they come into contact with the environment around them. Please see the Maintenance section on the Matki website for more information.

EPW – EAUZONE HINGED DOOR WITH INLINE PANEL FOR RECESS; LIVING COPPER, BESPOKE

A STRONG FOUNDATION

Designed by Matki and made at our Shower Tray Facility in Cornwall, Matki Shower Trays and Floors are the ideal foundation for EauZone. A wide range of shapes, sizes, profiles and colours can be found in the Shower Tray pages 82 – 91.

INSTALLATION

EauZone Hinged Doors can be installed on a Shower Tray, Shower Floor or directly onto a tiled Wet Room Floor.

EPC – EAUZONE HINGED DOOR FOR CORNER

EPR – EAUZONE HINGED DOOR FOR RECESS; POLISHED NICKEL

THE NEW QUINTESSE

Refined not reinvented, the upgraded EauZone Quintesse has an even better look and feel.

Specially crafted brass components and bevelled glass edges create the form and function of a shower door designed to impress and built to last.

The Quintesse shape gives a spacious interior and allows for greater flexibility in bathroom layout. Install onto a matching Quintesse Shower Tray or Floor from our Continental, Universal (page 91) or Preference (page 89) ranges.

See page 62 for Sizes, Prices and Specification.

QUINTESSE HINGE POLISHED NICKEL

EPQ – EAUZONE QUINTESSE; POLISHED NICKEL; LOW-IRON GLASS

SENSPA

EAUZONE BATH SCREENS

EauZone Bath Screens offer a luxurious **water-tight** solution for over-bath showering with single, two panel and folding options presented for flat top baths.

See page 77 - 79 for Sizes, Prices and Specification.

DOUBLE PANEL BATH SCREEN

The Double Panel Bath Screen offers an attractive, symmetrical look and has a convenient function with the hinged panel folding away when using the bath for bathing.

See page 79 for Sizes, Prices and Specification.

ALUMINIUM FINISHES

SILVER (STANDARD)

MATT BLACK

Finishes marked with an Ⓢ will match perfectly across the product as they are applied purely to frames and fittings made exclusively from brass.

*Living Finishes can however vary across and between parts and unless regularly maintained will oxidise over time in unpredictable ways.
For more details please see Care & Maintenance section of Matki website.

Ⓢ Swadling Brassware finishes are available to order for EauZone Wet Room Panel Models EWP, EWFP, EWMP, EWL, EWAP, EWPH, and for all EauZone Hinged Door models.

Finishes not marked with an Ⓢ use a combination of brass and aluminium material so will differ in colouration and texture between parts, please view samples.

EAUZONE BESPOKE

Make a statement with special sizes, shapes and colours or find solutions to the unique character of your property's bathroom. EauZone Bespoke takes all the elegance and superb performance of the standard collection and makes it special to you.

Heights and widths of the product can be enlarged to achieve a grander look or made smaller to fit neatly in a tight space. Our accurate measuring system allows glass to be shaped closely around features like baths, exposed beams or sloping ceilings.

A variety of frame types and glass finishes lets you choose your preferred style. Our Completely Frameless option is perfect for a minimalist look, whilst tinted or ultra black glass finishes really make the shower area stand out.

CHOOSING BESPOKE

Bespoke models can be chosen and priced on the Matki website configuration tool. Each of the model pricing and specifiaction pages shows a short link to the relevant webpage where Bespoke Models, with BES suffix, can be selected from the dropdown list.

The Matki Bespoke Department is also happy to help with any enquiries and can be contacted on 01454 322888 or Bespoke.Department@matki.co.uk

Discover more about EauZone Bespoke in the following pages and online at www.matki.co.uk/bespoke or visit your nearest Matki EauZone Dealer.

Ensuring your EauZone is fitted perfectly, Matki Installations is a friendly and efficient in-house team operating throughout the United Kingdom and abroad. The following services are offered:

HIGH STANDARD INSTALLATION

This expert installation-only service can be ordered for all EauZone and EauZone Bespoke (BES) Shower Door, Wet Panel and Bath Screen products.

MEASURE & INSTALLATION

A prerequisite when using minimal frames or going completely frameless due to the highly accurate measurements and more complex fitting required, Measure and Installation is also optional for other EauZone models where you would just like the extra peace of mind.

The Matki Installations team will always clear away and recycle all packaging and leave your new showering area sparkling.

Please make sure you read the Matki Installations Important Information on the Matki website prior to ordering the service and that tiling is complete prior to the team's visit.

EXTENDED GUARANTEE

All Matki products installed by Matki Installations benefit from an extended 15 year guarantee with the initial 3 year period also having labour cost cover. Please register your guarantee on the Matki website with the details provided.

For Matki Installations services outside the UK mainland, please contact Matki for pricing.

MATKI INSTALLATIONS PRICING

SHOWER TRAYS AND FLOORS BY MATKI

Complete luxury in the Shower demands a stunning foundation.

Matki have manufactured Shower Trays in Cornwall since 1979. Beginning life within a small boat building factory in Penryn, we now operate a 60000 sq. ft purpose-built factory in Redruth.

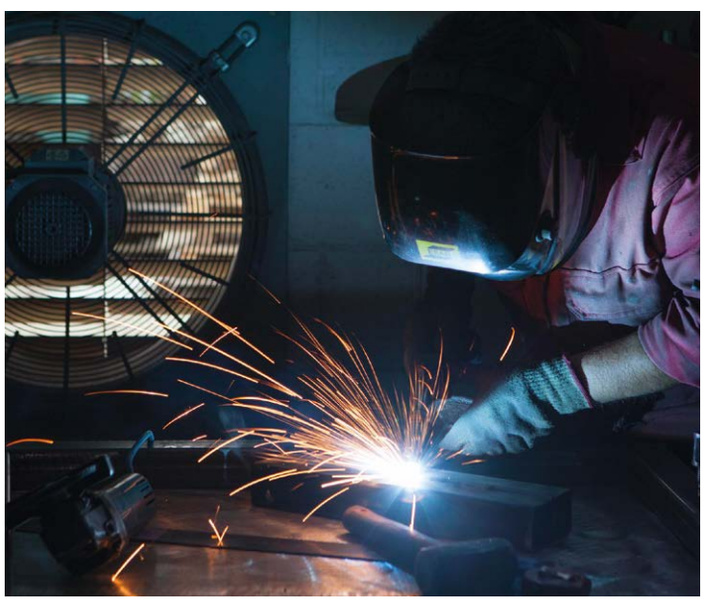

All our Shower Trays and Floors are hand built and hand finished with precise attention given to the surface finish; robust coatings are then applied using state of the art machinery ensuring perfect durability.

Each important phase of manufacture is carried out by experienced team members, some of whom have worked with Matki since the very early days. With this experience comes an expert knowledge of our products and our quality demands - each Shower Tray that leaves the Redruth factory is inspected with expert eyes.

Matki offer a wide choice of shapes, sizes, styles and colours of Shower Tray including bespoke, designed to work harmoniously with Matki Shower Enclosures.

PEACE OF MIND

All Matki Shower Trays and Floors use surface materials which are chosen for their longevity, durability and natural non-slip qualities. Matt White Continental, Preference and Slate are all Certified Anti Slip Rated using the DIN51097 standard framework.

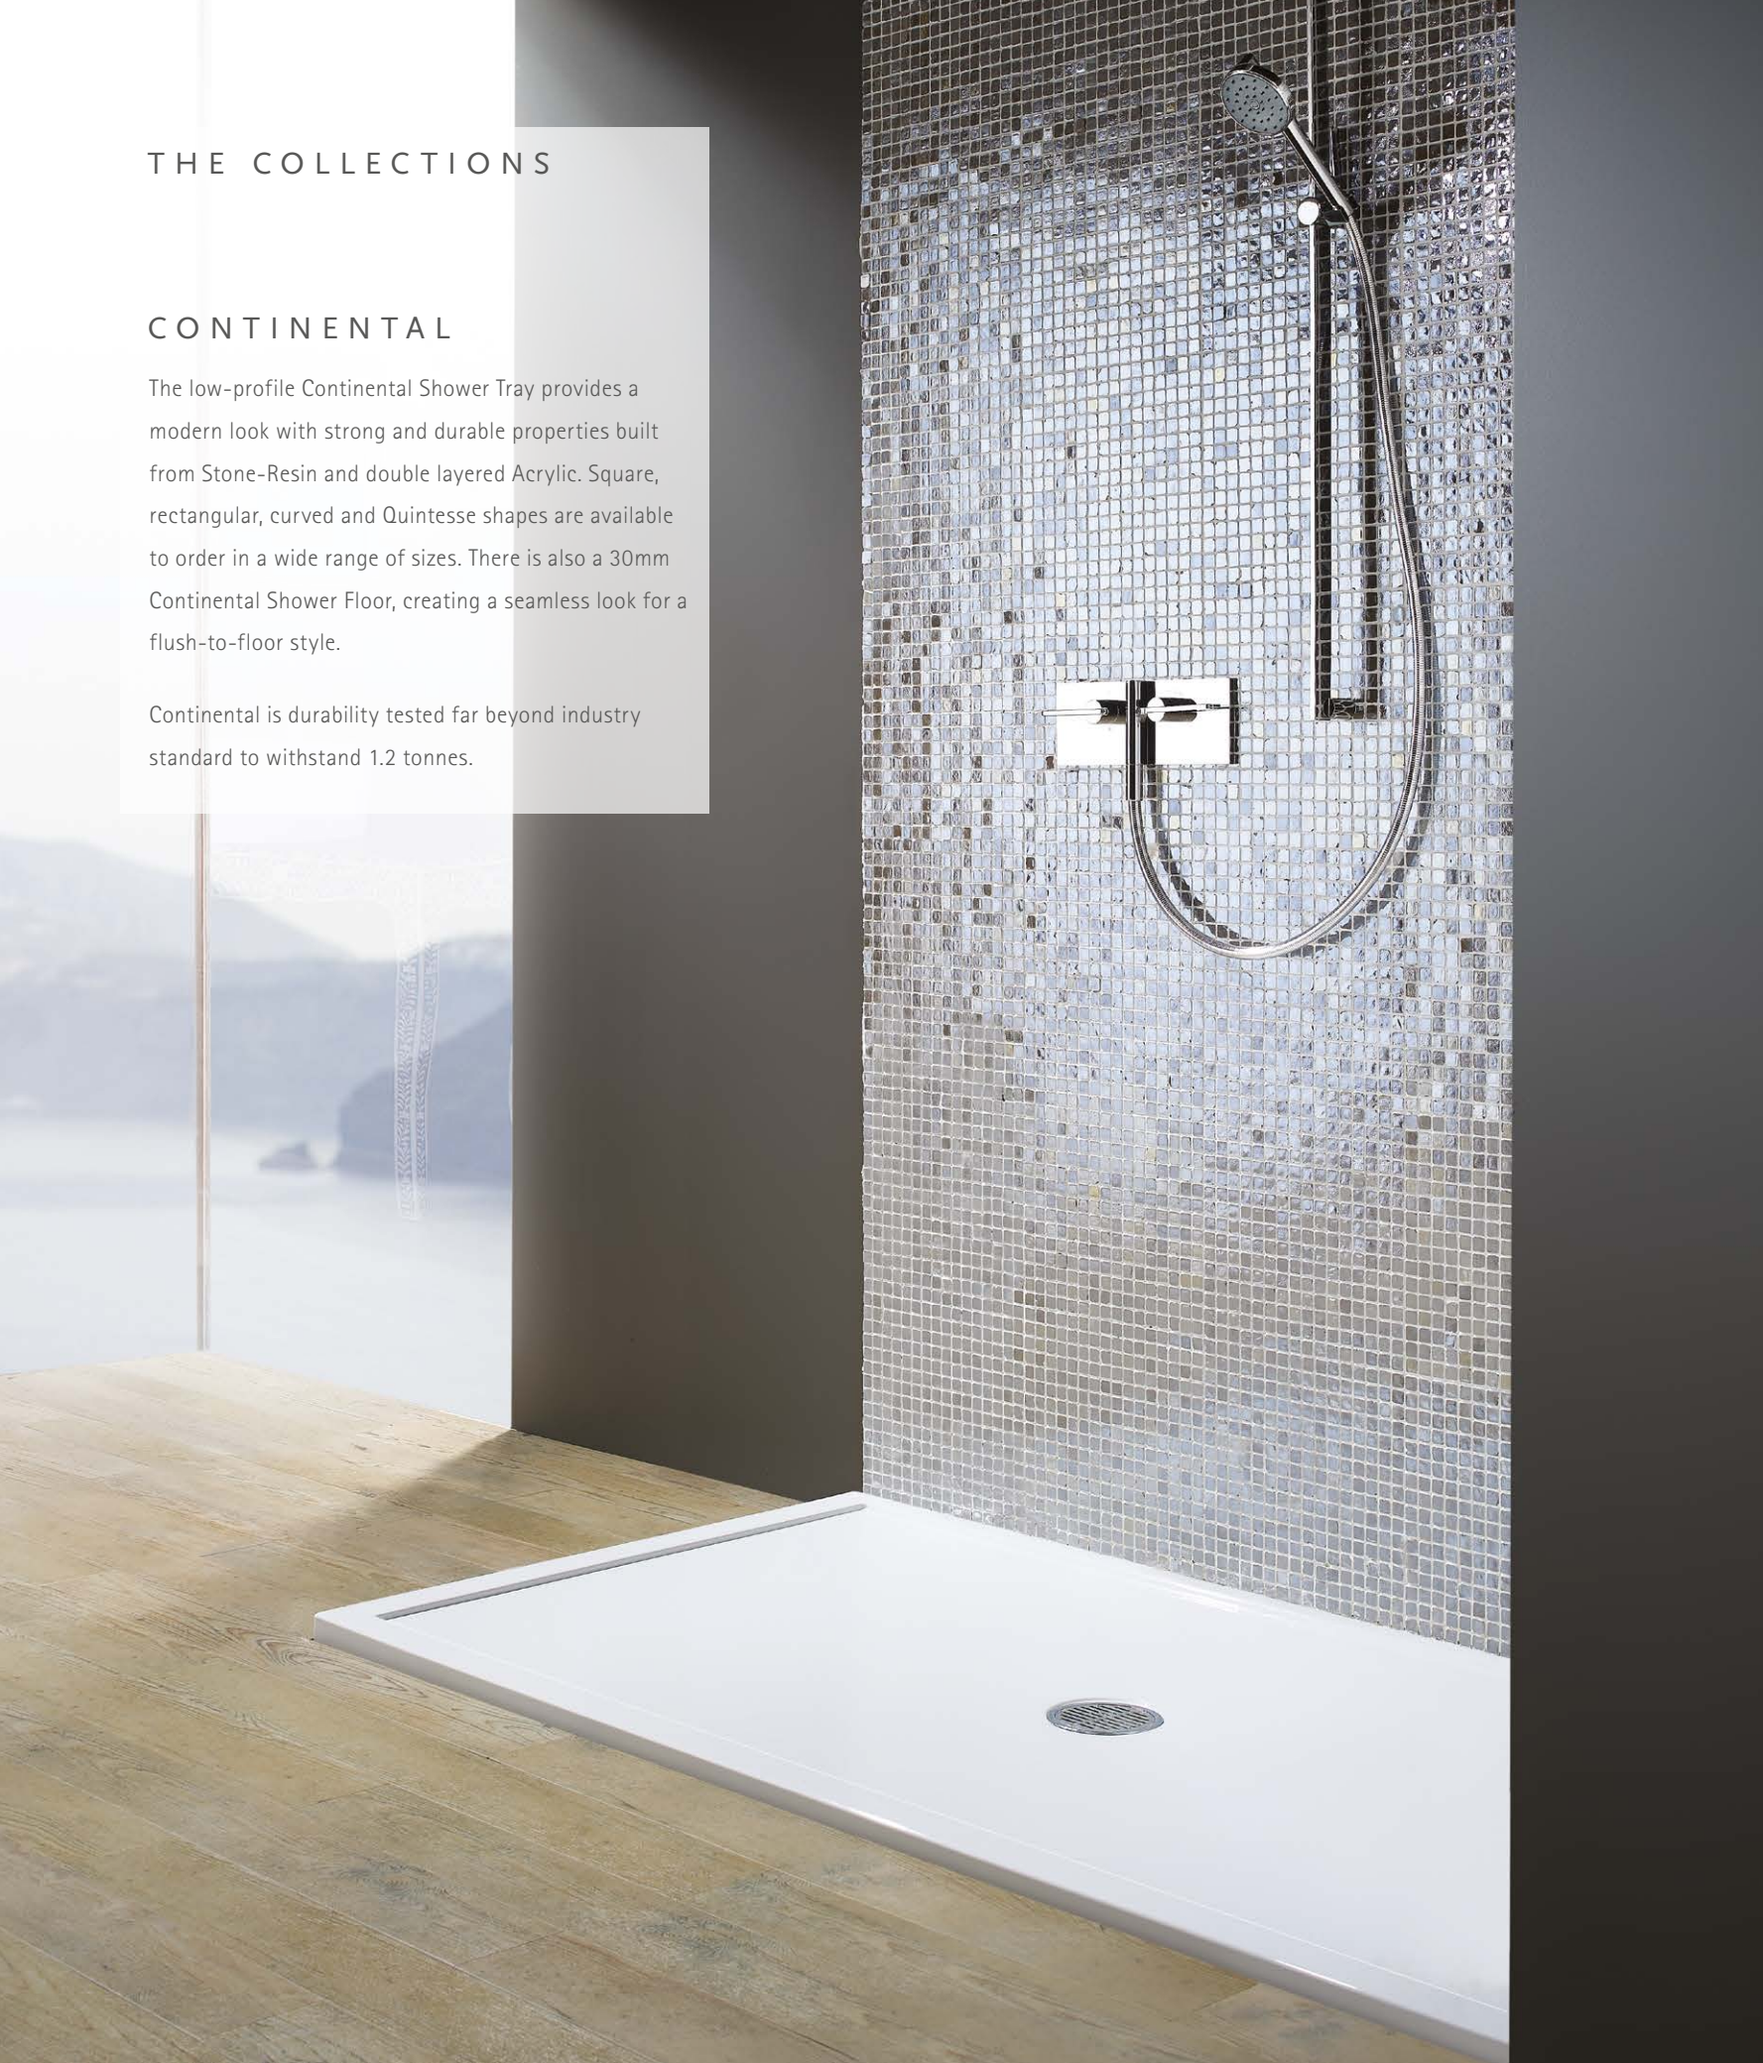

THE COLLECTIONS

CONTINENTAL

The low-profile Continental Shower Tray provides a modern look with strong and durable properties built from Stone-Resin and double layered Acrylic. Square, rectangular, curved and Quintesse shapes are available to order in a wide range of sizes. There is also a 30mm Continental Shower Floor, creating a seamless look for a flush-to-floor style.

Continental is durability tested far beyond industry standard to withstand 1.2 tonnes.

PREFERENCE

Made from the Matki Preference Solid Surface formula rich in ground Marble, Preference Shower Trays and Floors have a luxurious quality each taking up to 6 hours to perfect and hand-polish.

For fitting showering spaces into challenging layouts, bespoke sizes with cut-outs can be produced, catering for internal pipe chases, alcoves and around-bath setups.

Preference Shower Trays and Floors are available in any shape and size up to 2050mm by 1150mm and the central position of the waste can be shifted to avoid joists and other obstructions.

UNIVERSAL

Available in any colour to order, our team can use RAL/Pantone charts, tile samples or even paint names to match colours to the wider bathroom design scheme.

Square, rectangle, curved and Quintesse shapes are available to order - the Universal Linear adds a note of difference to the collection with a uniquely designed linear waste cover.

SLATE

Modelled on natural slate, the Slate Shower Tray and Floor have an authentic feel harmonising beautifully with natural stone schemes in the bathroom - it is even possible to colour match to surrounding tiling.

Slate Shower Floors can be made to measure in square or rectangular shapes in any size up to 2000mm x 1000mm with a central waste which can be offset dependent on size ordered.

FINELINE

Striking a fineline between aesthetic and practicality. With a slightly increased height of 60mm, the Fineline brings added peace of mind and a deeper showering area.

Manufactured from high quality Stone Resin with a double layer acrylic cap.

CONTINENTAL 40

- Low Profile 40mm, 10mm Raised Threshold
- Stone resin, double acrylic cap
- Centre high-flow shower waste, see page 87 for colour options
- Raised Tray version optional with adjustable legs and front panel in white only. Adds 100mm to height. Recess add £86, Corner add £134 ex VAT
- Available in White (Standard); For Matt White, Super Matt White and Matt Graphite add £88 ex VAT
- Matt White and Matt Graphite are certified DIN51097 A Anti Slip; Super Matt White B Anti Slip

MATKI SHOWERING

GENERAL INFORMATION

EauZone is a luxury collection of Shower Enclosures, Wet Room Panels and Bath Screens in 10mm Safety Glass. It is available in a wide range of standard sizes and in custom, bespoke sizes. Due to the number of options available, it is strongly recommended that you visit a Matki Centre to view a display of the product you are interested in. You can find your nearest Matki Centre by visiting the Where To Buy section on our website and inputting your postcode.

The Matki website also includes an online EauZone Configuration Tool and a Bespoke Section to help you view the whole range of possibilities on offer. If you have any questions please do not hesitate to call us on our Customer Helpline.

All images, finishes and colours featured in this brochure are for representation purposes only. Finishes and colours may vary across materials.

MATKI 10 YEAR GUARANTEE

Matki shower surrounds and shower trays are covered by a 10-year guarantee against parts failure, with the initial two-year period also having labour cost cover. Gold and Nickel-plated parts and all other special finishes and Matki Easy Clean Protection are guaranteed for the initial two-year period only. Living Brass, Brushed Brass, Aged Brass, Dark Bronze and Living Copper finishes are not covered by the Guarantee. Matki Elixir and Matki Swadling thermostatic shower mixers and accessories and Matki Fastflow shower wastes are guaranteed for five years. The 10-year Matki guarantee is subject to registration and the issuing of a Guarantee number. It is subject to the terms and conditions stated on the Matki website.

MATKI EASY CLEAN PROTECTION

Matki Easy Clean Protection is an invisible glass surface coating which helps to reduce limescale and hard water deposits to make cleaning of the glass so much easier.

WATER SOFTENERS AND EASY CLEAN PROTECTION

Certain types of water softeners increase the alkalinity of the water due to a carry-over of Chloride during re-generation which can cause aggressive water spots on both untreated and Easy Clean protected glass. If using a water softener we recommend a two-cylinder machine with automatic re-generation instead of a timer.

If a single-cylinder water softener with timer is already installed it is recommended that after each shower excess water is removed from the glass with a squeegee or with a micro-fibre cloth.

PRICES

Matki policy is one of continual improvement and we reserve the right to change specification, colour and prices without notice.
